**Mission:** Our mission is to empower our youth to be the best they can be by obtaining a better education. And our vision is to build a community center on the Southside to provide services and activities for the community that will offer sound, educational and spiritual enrichment in a safe and controlled environment.

### Programs Offered at Walker’s Neighborhood House

- The After-School Program during the school year provides tutoring to the youth from 3:30 p.m. - 5:30 p.m. as well as a daily meal. This is a place to learn new skills, review previous skills such as reading and math, do arts & craft projects or just to have a place to go for fun in a controlled environment.
- Summer Enrichment Program  
The Summer Enrichment program runs from 11 a.m. - 4 p.m. Monday - Friday during the school’s summer break. Youth have the opportunity to enhance their math and reading skills, learning from different community members and enjoy weekly swimming activities as well as going on field trips. This program also provides a snack and a meal daily.
